COLLABORATIVE OPTOMETRIC CARE

Partnering to Restore Sight: Why Refer to Dr. Todd Jackson

Be Part of a Movement to Help Others

Every referral partners with our mission to provide vision-restoring surgeries, clinical training, and essential ophthalmic care to underserved families locally and worldwide. Together, we expand care far beyond the clinic walls.

20,000+	Surgeon's Choice	Global & Local
Successful Surgeries Performed	Trusted for Complex Anterior Cases	Active Sight-Restoration Outreach

20,000+ Surgeries: High-Precision Outcomes

Over 16 years of surgical mastery delivering predictable, high-precision results for cataract, advanced lens implantation, and micro-incisional eye procedures.

Trusted for the Hardest Cases

Regularly trusted by fellow ophthalmologists to evaluate and manage complex dense cataracts, post-refractive eyes, and challenging anterior segment cases.

State-of-the-Art Diagnostics & Technology

Equipped with modern micro-surgical platforms, advanced anterior segment OCT, optical biometry, and latest-generation toric, multifocal, and extended-depth lenses.

National & International Experience

Extensive surgical experience across domestic surgical centers and global humanitarian expeditions restoring sight and providing education in high-need regions.

✓ Our Co-Management Promise to Referring Optometrists

- **100% Patient Retention:** Your patient remains yours; returned seamlessly to your practice for post-op and routine recall.
- **Direct OD-to-MD Access:** Direct physician communication line for quick case consultations, triaging, and questions.
- **Prompt Consultation Notes:** Detailed operative summaries and clinical consult reports sent to your office within 24–48 hours.
- **Priority Scheduling:** Rapid booking for urgent surgical evaluations, symptomatic dense cataracts, or acute IOP spikes.

Clinical Category	Common Indications	Co-Management Model
