A PURE SURGICAL REFERRAL PRACTICE

The Story of Jackson Eye Center

"Administer relief to the sick and the afflicted."
— JACOB 2:19 • THE FOUNDING PRINCIPLE OF JACKSON EYE CENTER

Why We Are Opening: Our Heart and Mission

Starting **January 1, 2027**, I chose to open Jackson Eye Center with one foundational purpose: **to help others**. We are building a dedicated surgical referral practice that brings the highest standard of specialized ophthalmic care directly to the patients and families of **Mohave County**.

Through our continuous clinical research, surgical teaching, and humanitarian sight-restoration missions worldwide, we bring world-class surgical expertise home to our local community—and in turn, share that expertise across national and international stages. Thank you for partnering with us to restore sight and bring the very best care to Mohave County.
